

# CH01A.

## Steni Colour

Horizontal fixing, cc600mm

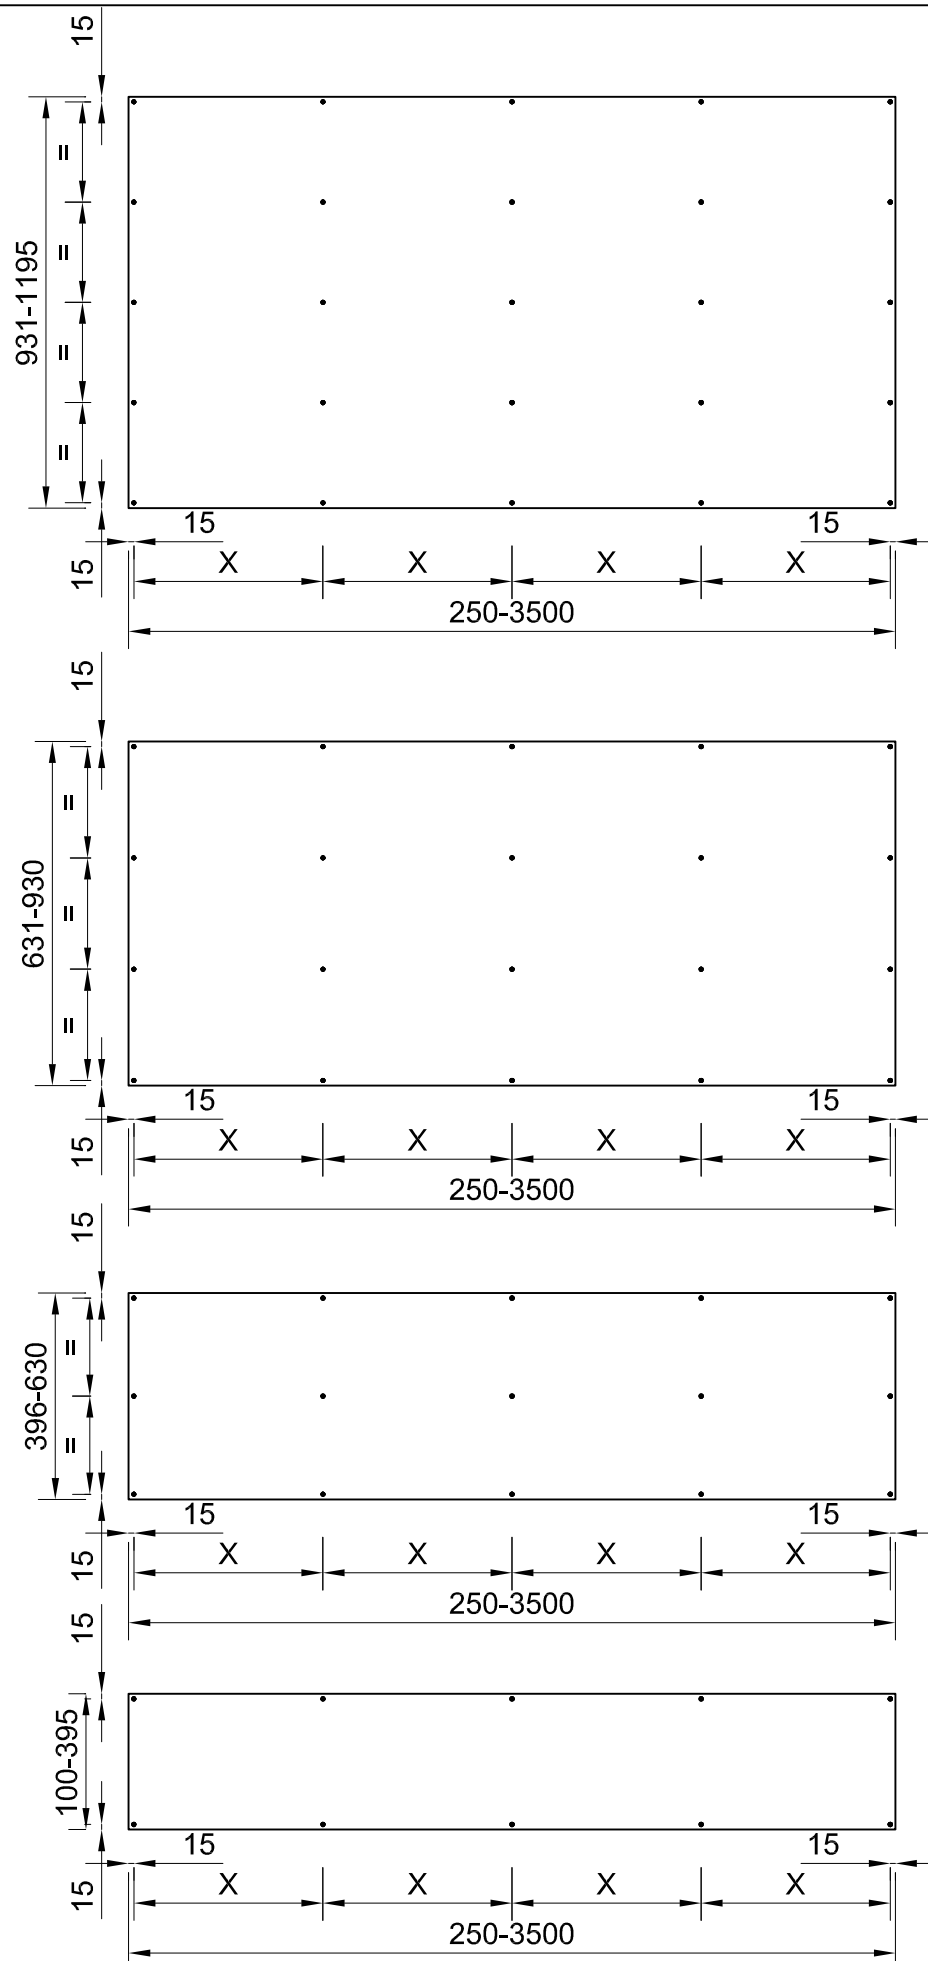

(Vertical dimensions is Width and horizontal is length in Navision xls.)

Horizontal fixing,  $X \approx 600\text{mm}$ . Max. 600mm

(exs. length  $1980\text{mm} = 1980 - 15 - 15 / 600 = 3,25$  round up to 4 hole,  $1980 - 15 - 15 / 4$ ,  $X = 487,5\text{mm}$ )

(Vertical dimensions is Width and horizontal is length in Navision xls.)

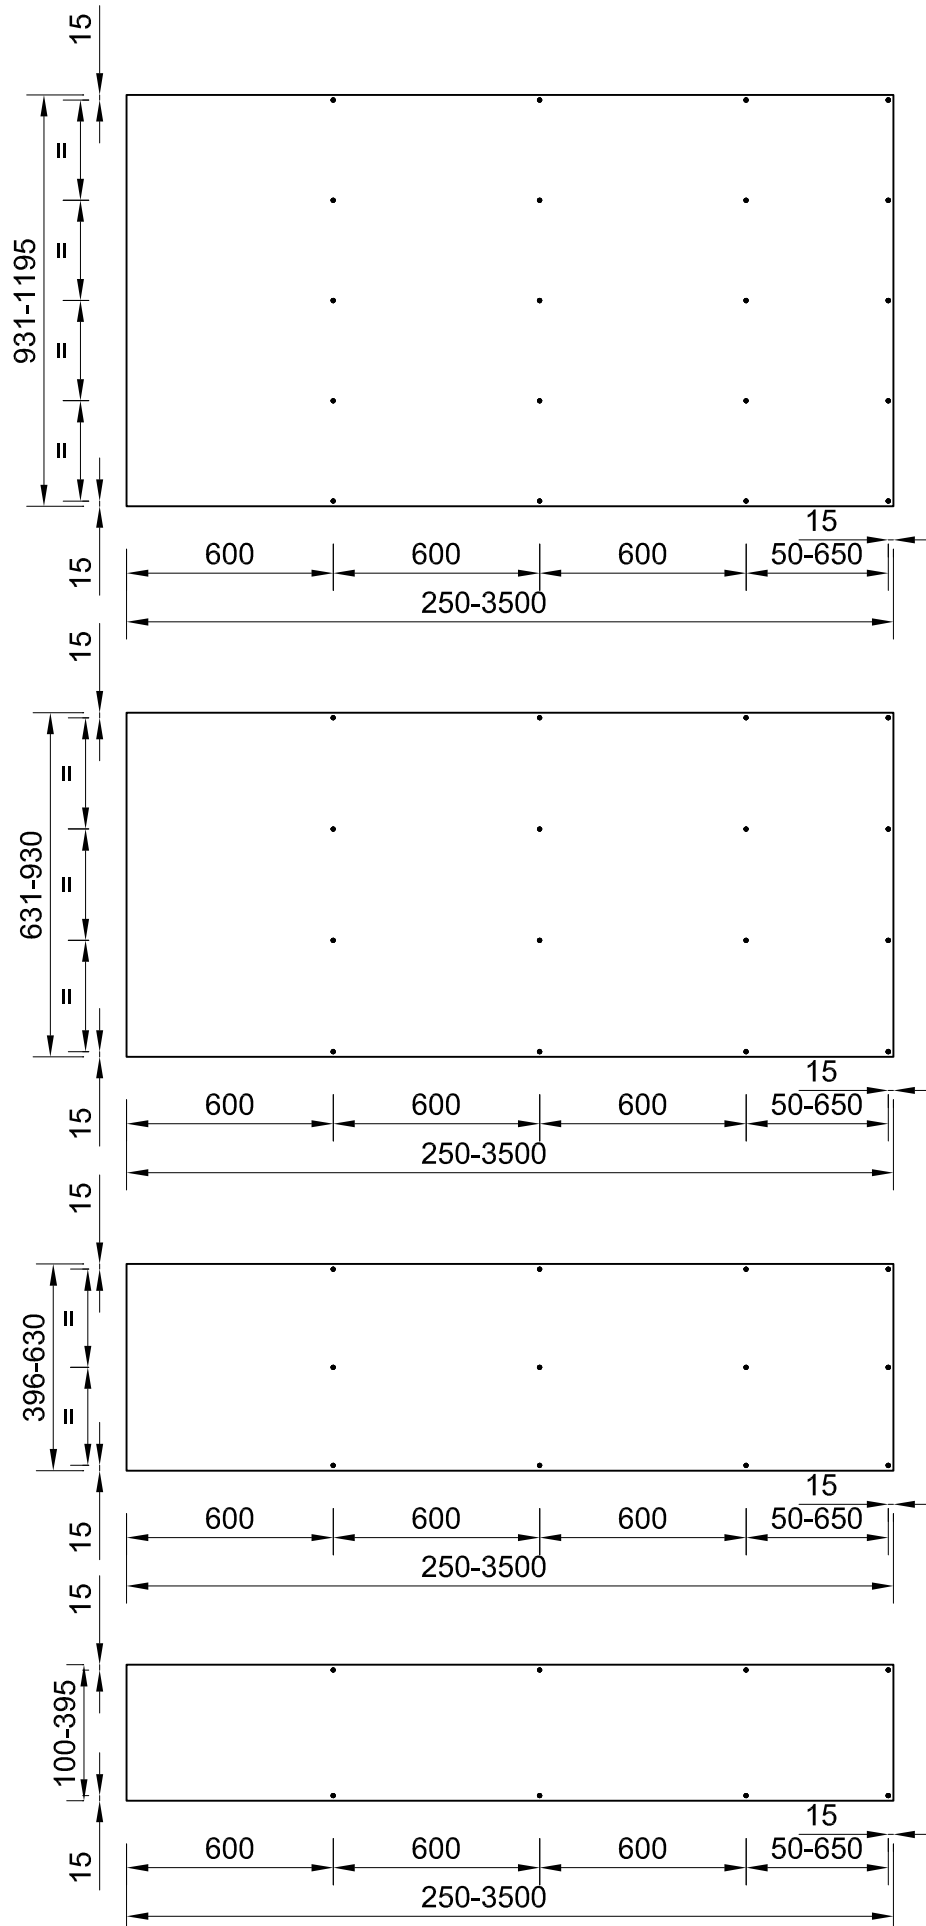

# CH04A.

# Steni Colour

Horizontal fixing, cc600mm without edge drilling

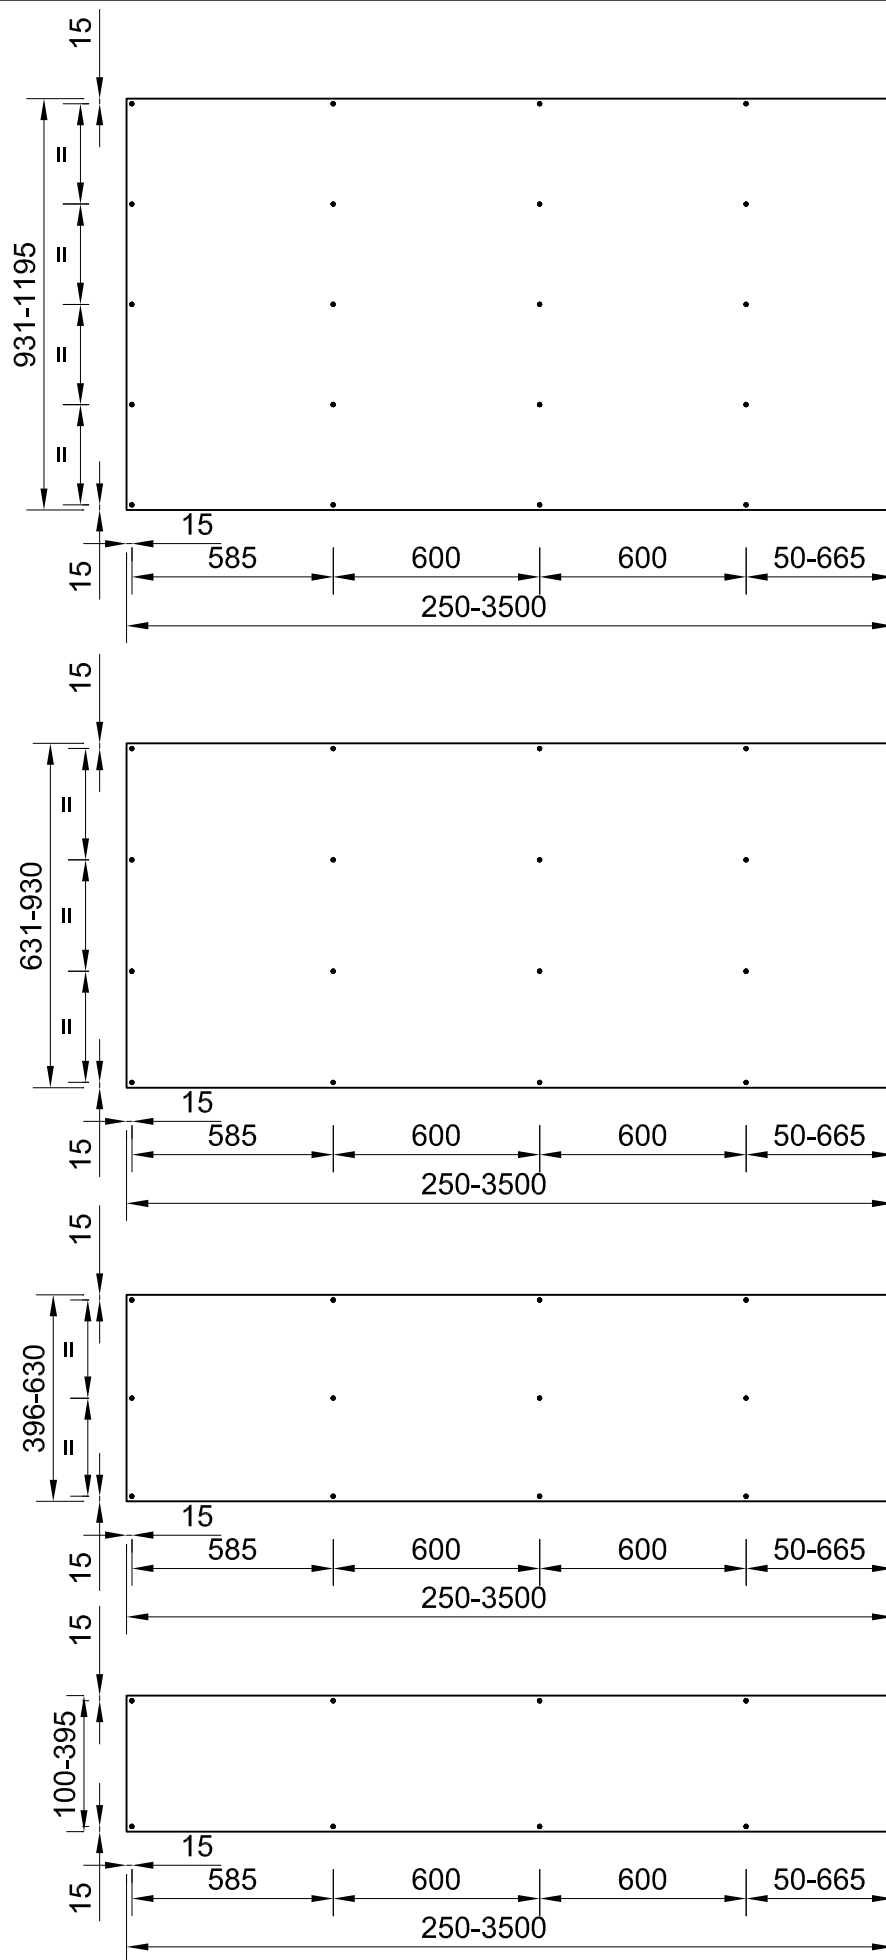

(Vertical dimensions is Width and horizontal is length in Navision xls.)

# CH05A.

# Steni Colour

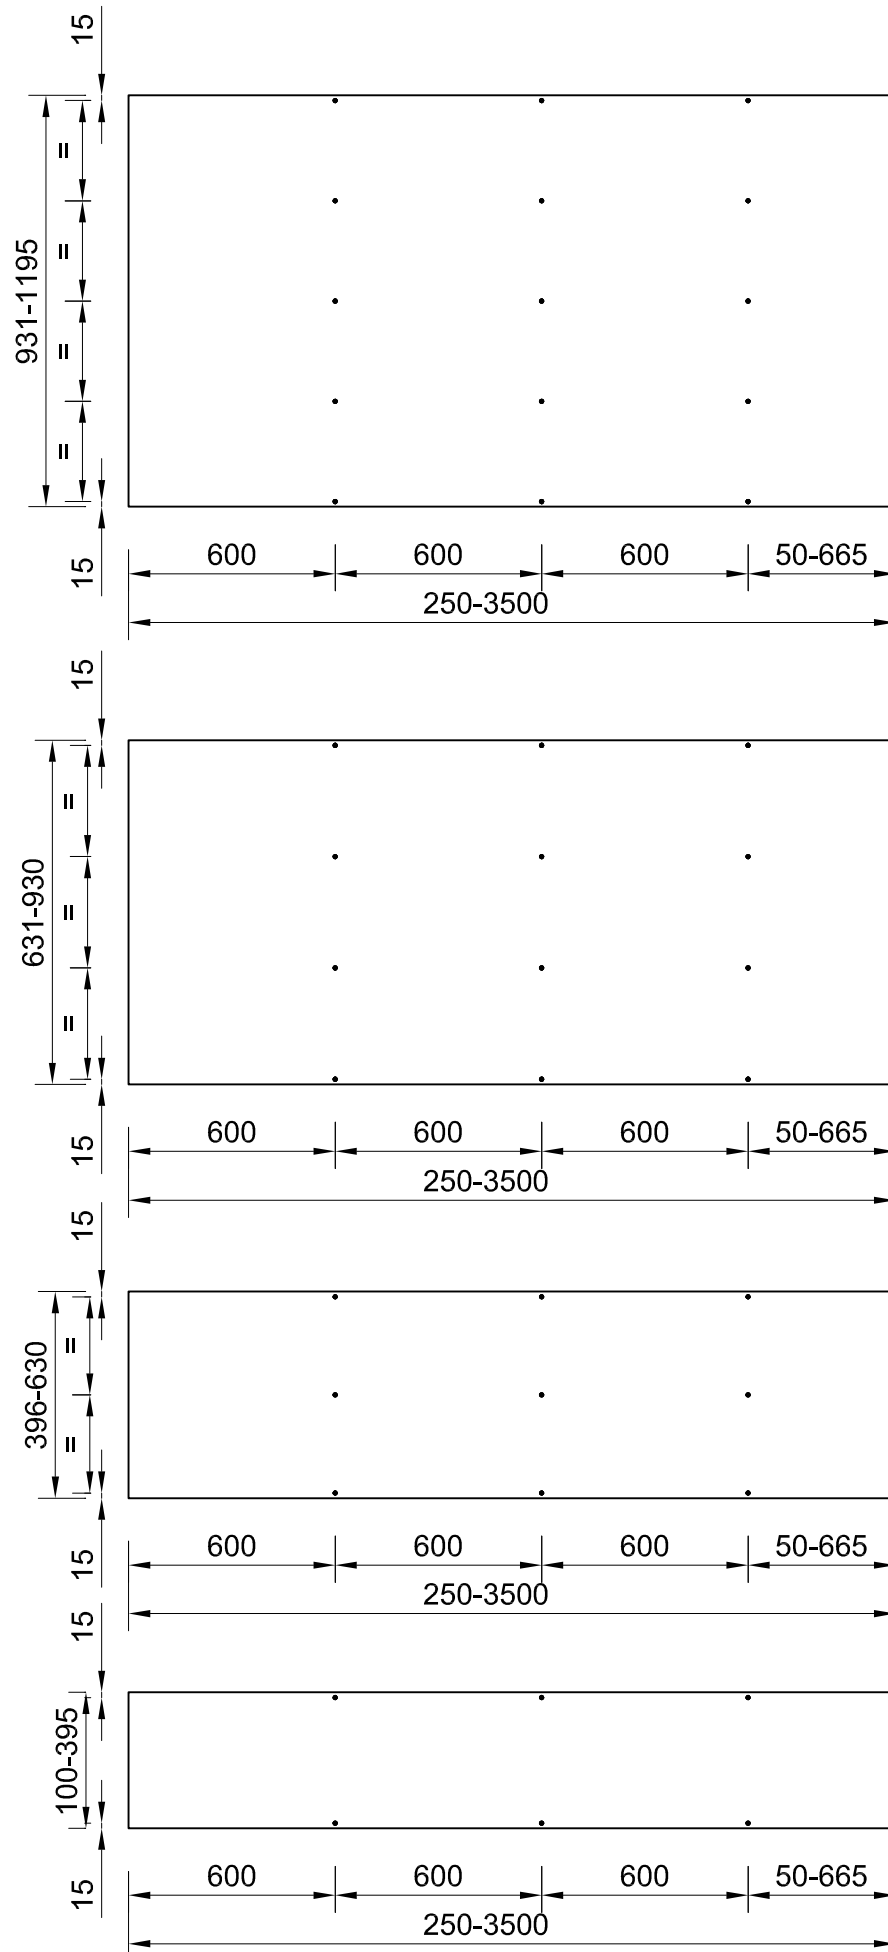

Horizontal fixing, cc600mm without edge drilling  
 (Vertical dimensions is Width and horizontal is length in Navision xls.)

# CH06A.

# Steni Colour

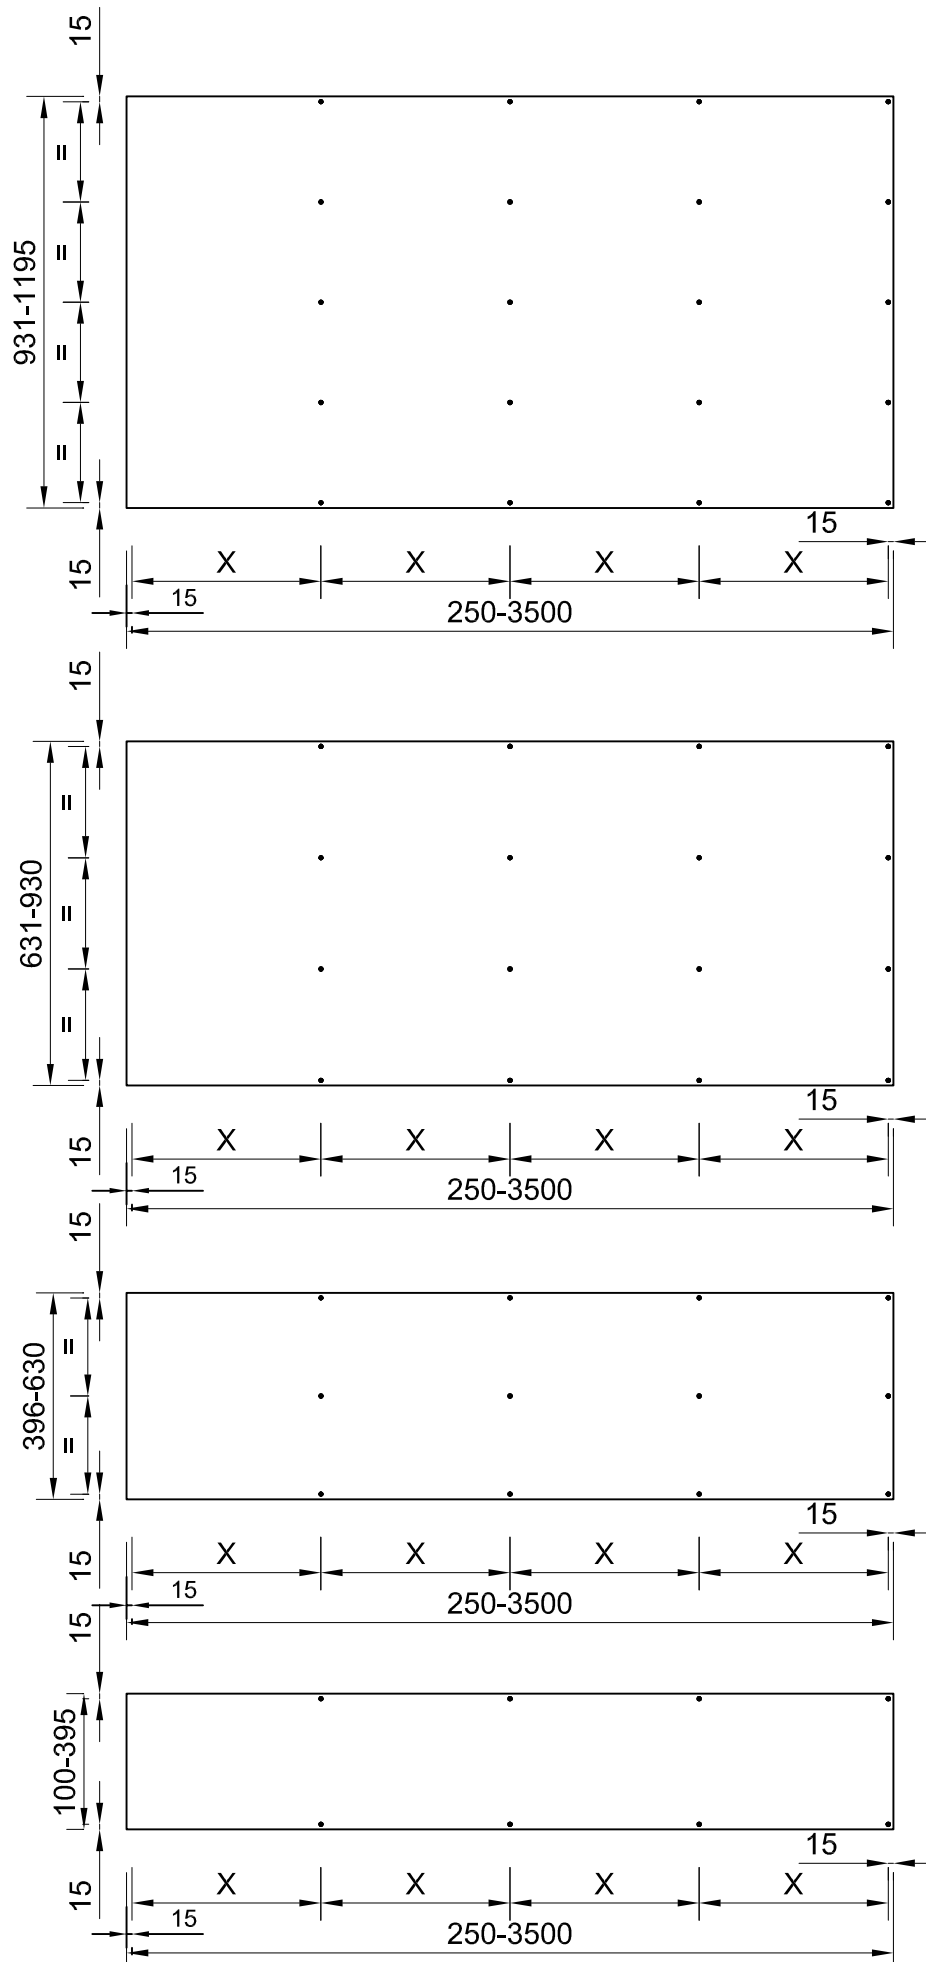

Horizontal fixing, cc600mm without edge drilling  
(Vertical dimensions is Width and horizontal is length in Navision xls.)

# CH07A.

# Steni Colour

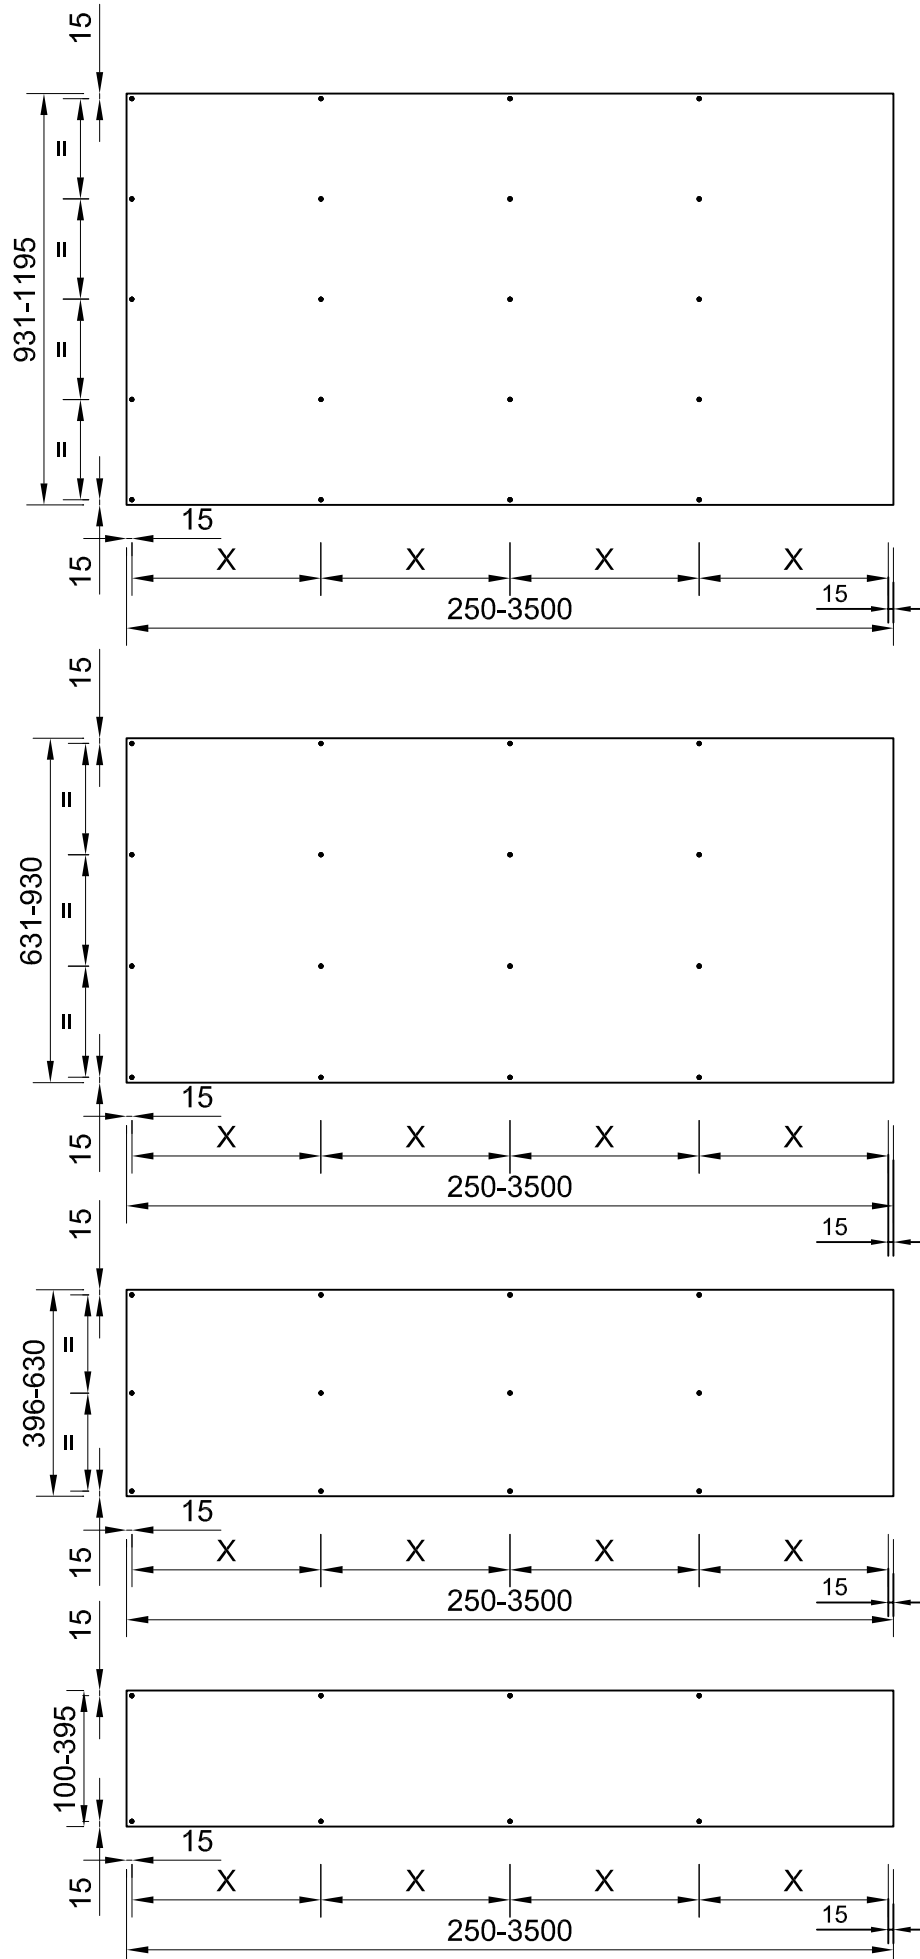

Horizontal fixing,  $X \approx 600\text{mm}$ . Max. 600mm without edge drilling  
(Vertical dimensions is Width and horizontal is length in Navision xls.)

# CH08A.

# Steni Colour

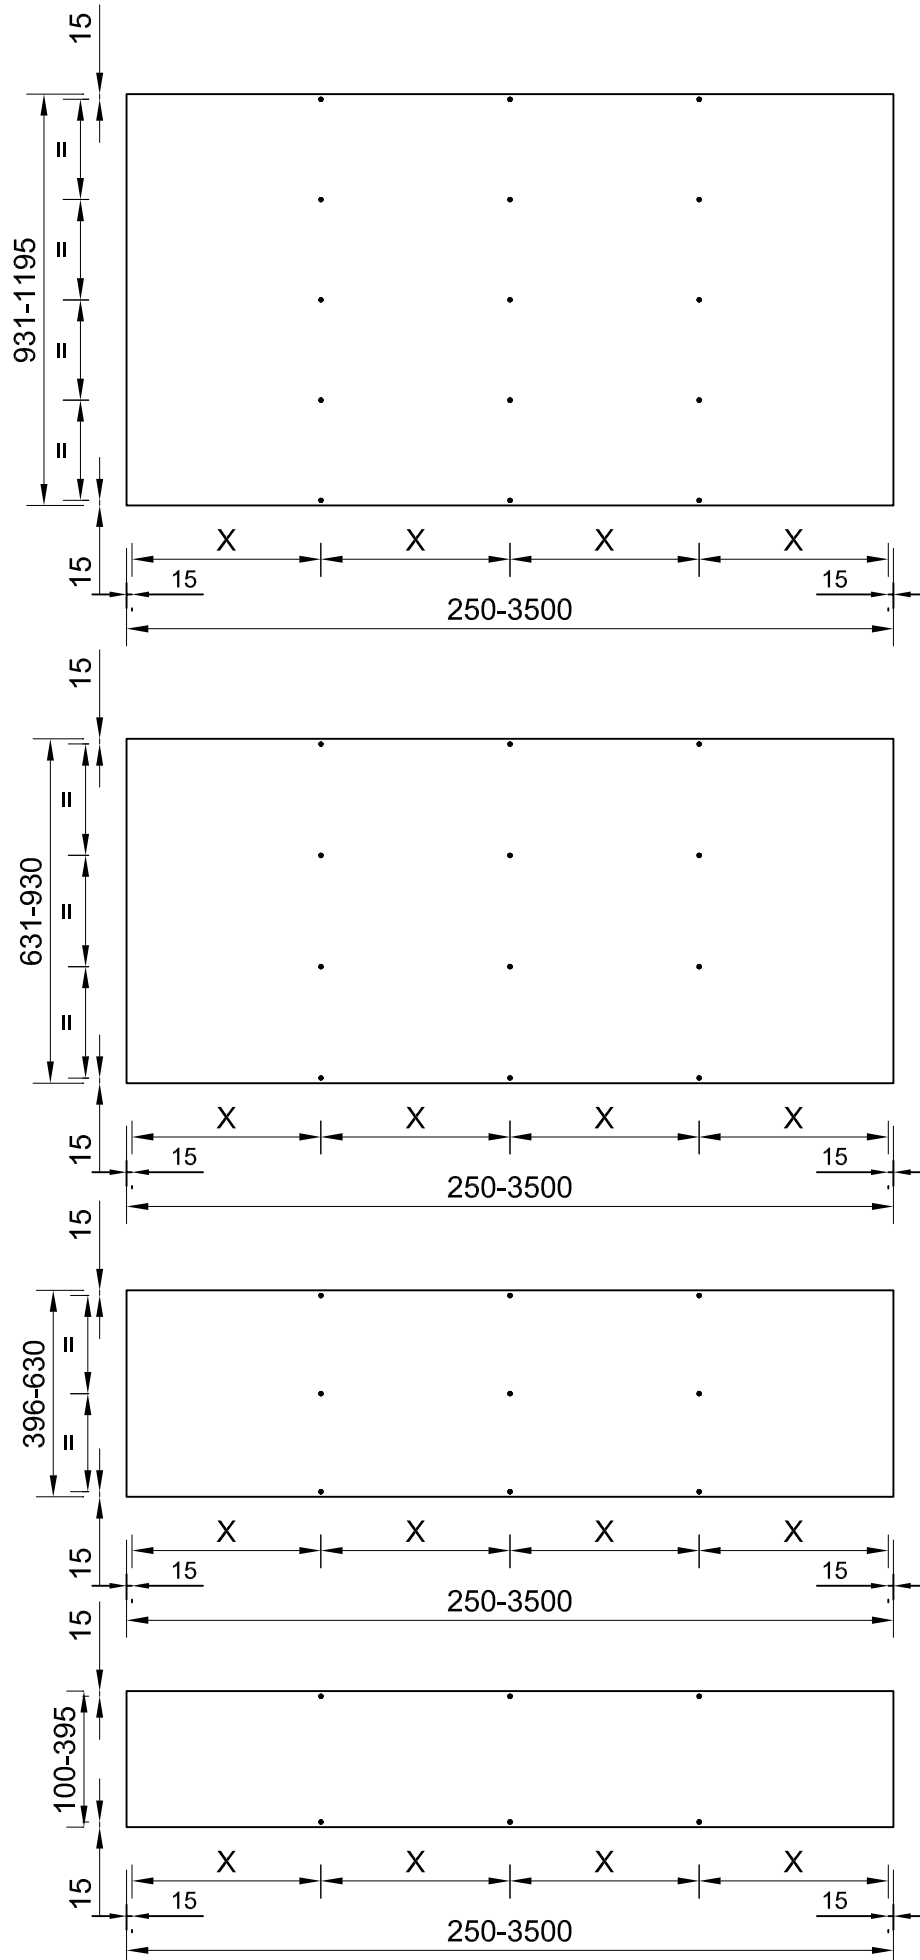

Horizontal fixing,  $X \approx 600\text{mm}$ . Max. 600mm without edge drilling  
(Vertical dimensions is Width and horizontal is length in Navision xls.)

# CH09A.

## Steni Colour

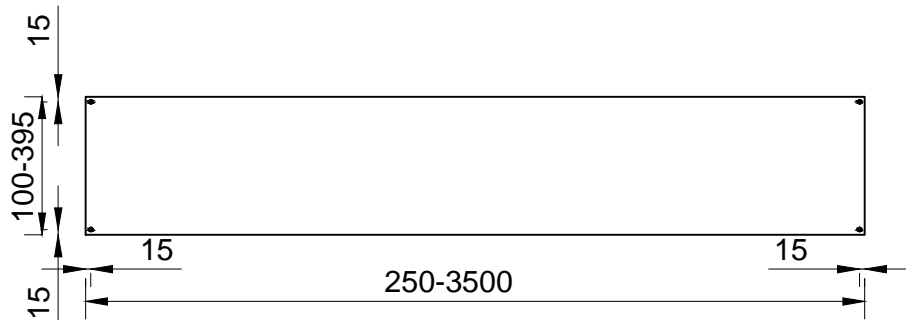

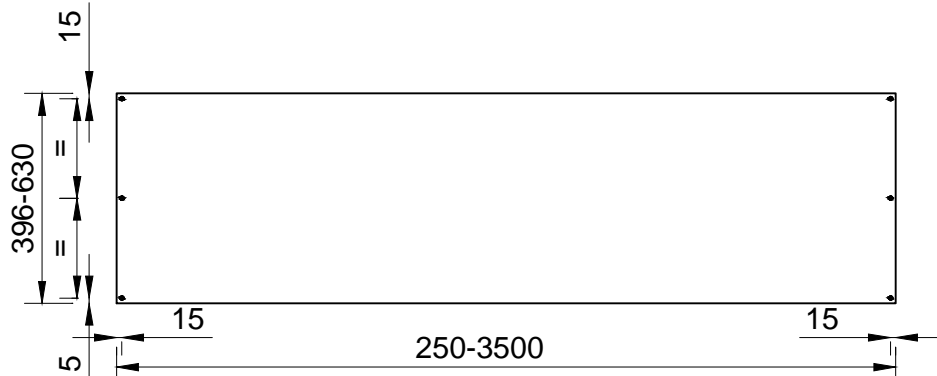

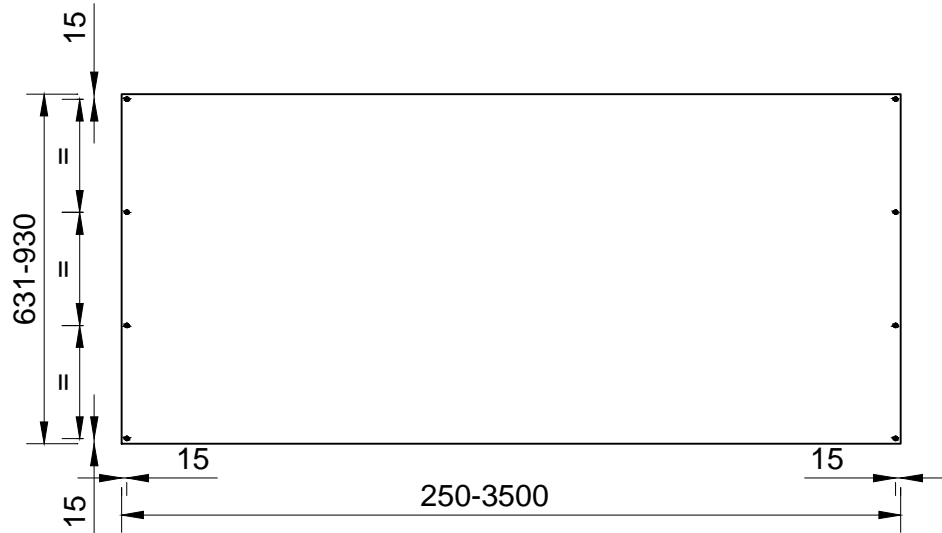

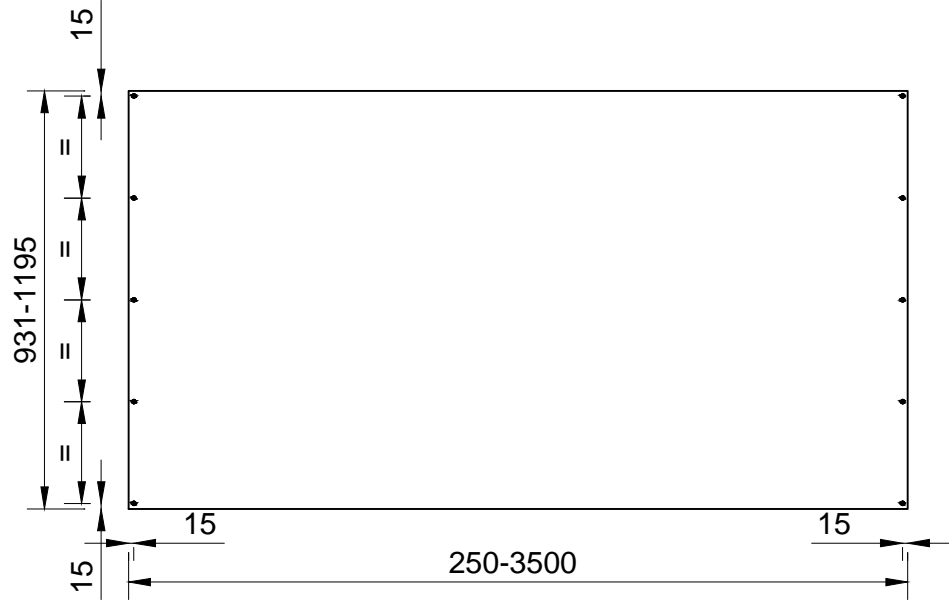

Horizontal fixing,  $X \approx 600\text{mm}$ . Max. 600mm without edge drilling  
(Vertical dimensions is Width and horizontal is length in Navision xls.)

## Steni Colour

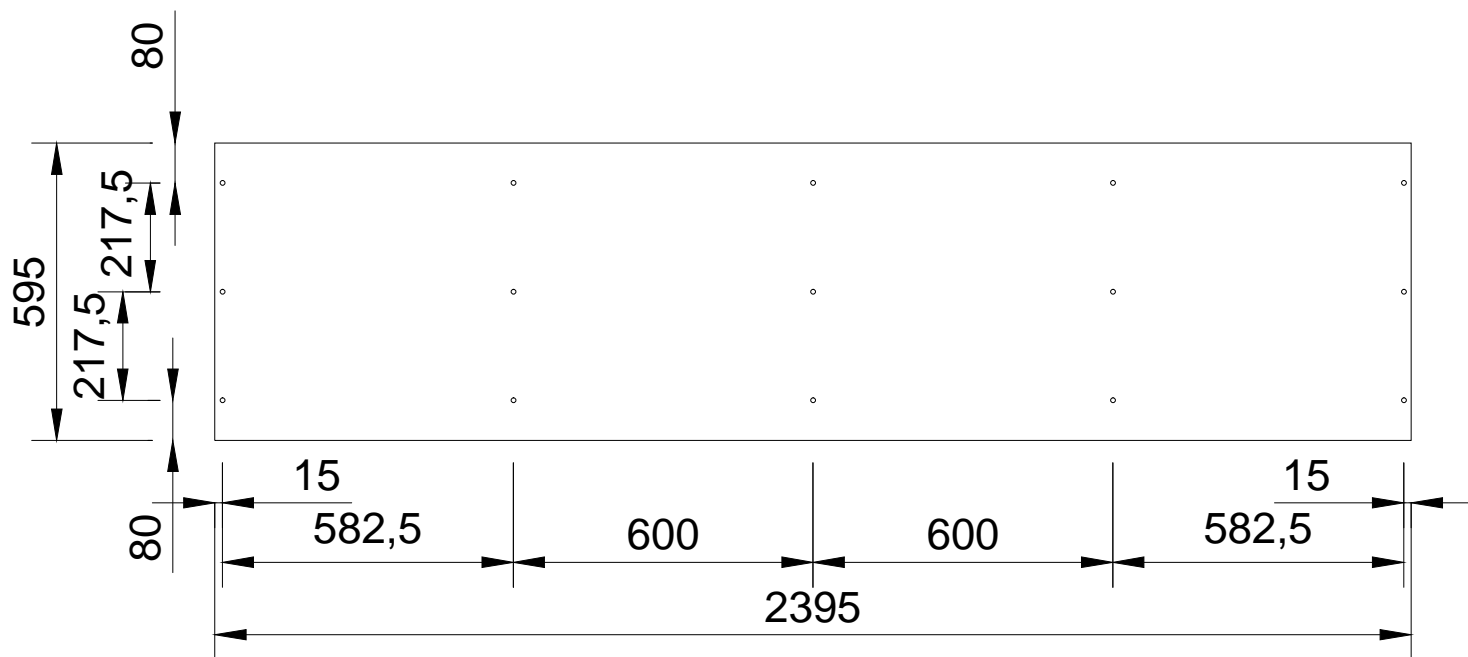

Horizontal fixing, only edges

# CH11A.

## Steni Colour

Horizontal fixing SPECIAL  
Only for format 2395x595mm

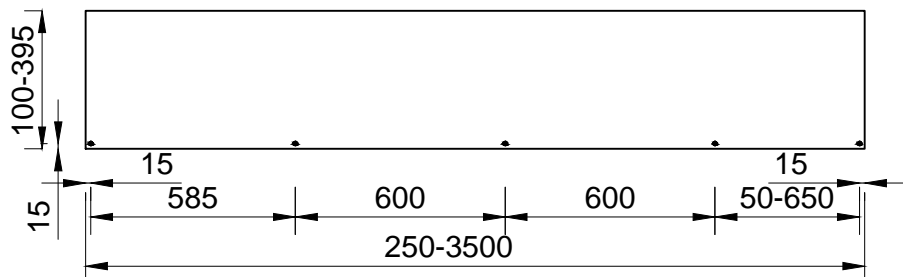

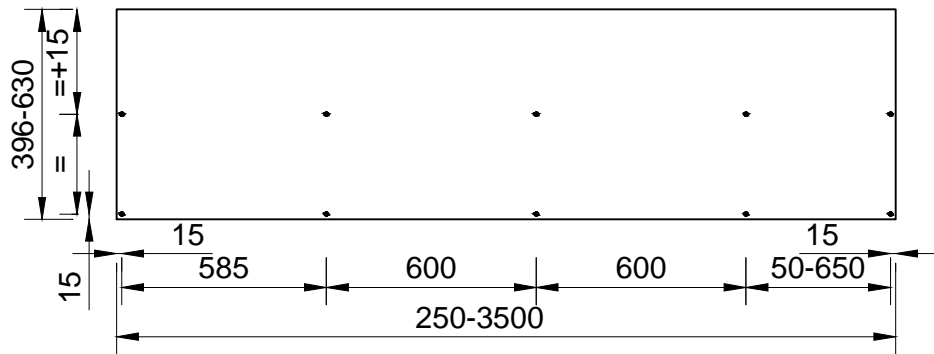

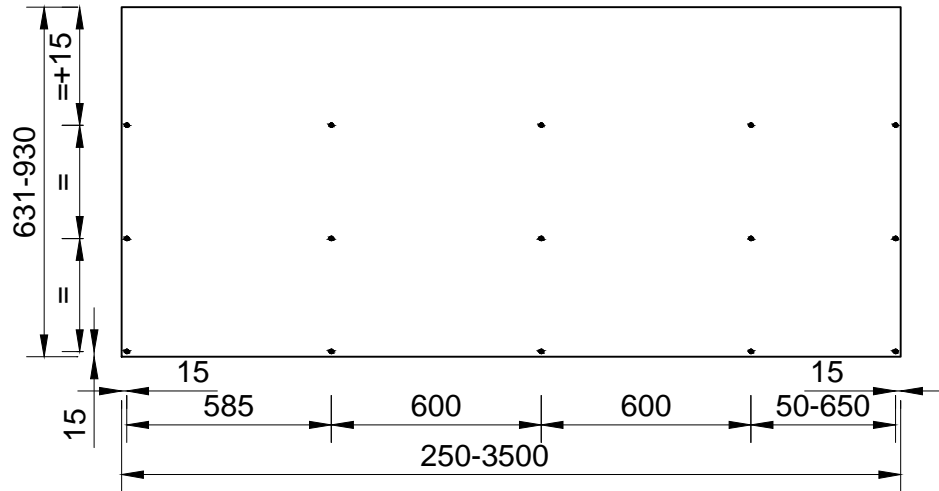

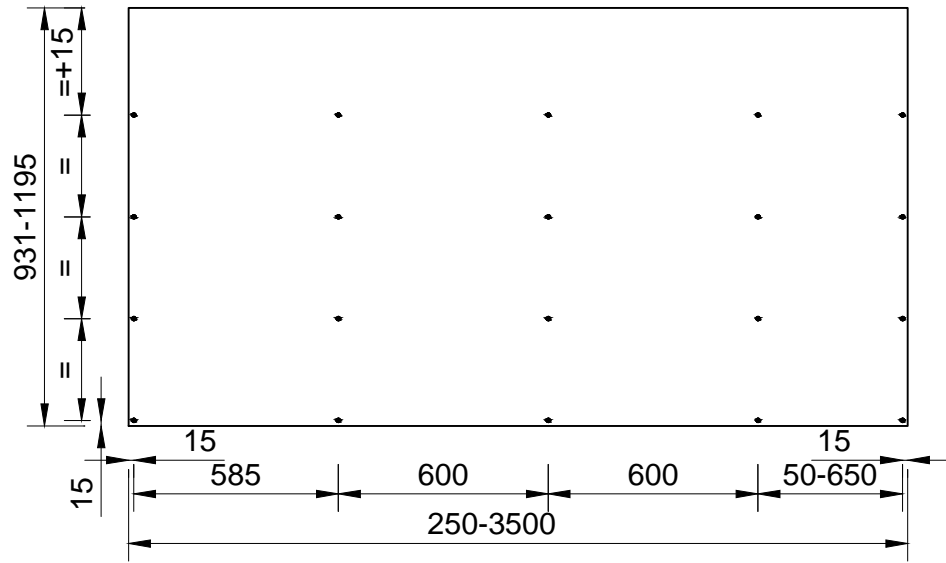

# CH12A.

## Steni Colour

Horizontal fixing, cc600mm without drilling top.

(Vertical dimensions is Width and horizontal is length in Navision xls.)

# CH13A.

# Steni Colour

Horizontal fixing, cc600mm without bottom rows drilled  
(Vertical dimensions is Width and horizontal is length in Navision xls.)
